16 July 2008

Dear Member,

Preparatory work for forthcoming Ministerial Meetings

It is expected that in August ECAII will be granted an audience with two key ministers, Bp Fahmi Idris (Industry) and Ibu Mari Pangestu (Trade). Whilst firm dates and plans will be advised once finalized it is opportune to undertake adequate preparatory work prior to these meetings so that ECAII can present a professional and well coordinated image.

You are requested to accordingly forward your company's suggestions, ideas and feedback with specific reference to tariffs & duties, non tariff barriers, infrastructure & regulatory bottlenecks, request for incentives, new investment opportunities and other issues. Your comments in concise form should be forwarded to the ECAII Secretariat no later than 31 July 2008. Please also indicate your preference to attend the above meetings - attendance confirmation will be subject to number restrictions advised by the concerned Ministries.

We appreciate your support and value your continued suggestions.

Yours sincerely,

Amol Titus
